Help Save **MANPOWER FOR WARPOWER!**

So critical is the manpower shortage that the President has now appointed and empowered an administrator to solve it.

Yet every day...

11,000 war workers are killed or injured—on or off the job;

Since Pearl Harbor, nearly 500,000,000 man-days of labor have been lost to war production, through accidents.

Accidents can be prevented. To help do so, and save lives of workers, business leaders are raising \$5,000,000 through the War Production Fund to Conserve Manpower, to finance the National Safety Council campaign requested by President Roosevelt. The Rail-

roads are contributing their share to this fund.

The Council has been selected for this important work because it has shown repeatedly that its preventive measures can cut the rate of accidents 50% or more in factories and industrial communities.

Since two-thirds of lost-time accidents occur away from production lines, every citizen has a part in this national movement to safeguard the lives of American workers, and every business should participate in the War Production Fund.

Adopt the War Production Fund's slogan as your own—**SAVE MANPOWER FOR WARPOWER!**

IT MAY BE NECESSARY!

We believe the travelling public realizes that in time of war the armed forces have first call on the transportation facilities of this country.

To meet this demand and to take care of the requirements of business men and others engaged in war time activities it may be necessary to temporarily cancel or divert on short notice certain Pullman car lines. The Pullman equipment shown in this time table is therefore subject to change.

Many more for dinner these days!

BECAUSE in wartime there is much more business travel, and because restrictions on other forms of transportation have brought thousands more people to the railroad, Diners are quickly filled. And it is not always possible to add an extra diner to a train. Should you have to wait for a seat we trust you will accept that with patience and understanding, as one of the inevitable consequences of war.

INFORMATION—(Cont'd)

Transfer Coaches in Chicago—The Parmelee Company operates transfer coach service at Chicago to accommodate Pennsylvania Railroad patrons, arriving at the Union Station, who desire to transfer to other railroad stations. This service is available without extra charge upon presentation of the usual transfer coupon accompanying tickets reading to points beyond Chicago where change of stations is necessary.

CHECKING AND DELIVERY OF BAGGAGE—Passengers are advised to check their baggage to home address, hotel, club, office, steamship pier, etc., at destination, thereby insuring prompt delivery. This can be arranged upon telephone request to authorized transfer companies or to agent, or checkman at starting point, and the transfer charge may be paid at time of checking or when baggage is delivered at destination.

The Railway Express Agency, and other authorized transfer companies, will call for and check baggage from home, hotel, club, etc., upon presentation of valid transportation at nominal charge.

BAGGAGE ALLOWANCE—One hundred and fifty (150) pounds of baggage or property not exceeding one hundred (100.00) dollars in value may be checked without additional charge for each adult passenger, and seventy-five (75) pounds not exceeding fifty (50.00) dollars in value for each child traveling on a one-half fare ticket.

FORWARDING OF BAGGAGE—Passengers are advised, whenever it is possible to do so, to check baggage in advance so that it may be forwarded on a preceding train. Every effort will be made to facilitate the handling of baggage, but the Railroad cannot guarantee to forward baggage on same train with owner; nor can time of arrival at destination to which checked be guaranteed.

BAGGAGE MAXIMUMS AND LIABILITY—No single piece of baggage exceeding 300 pounds in weight or 72 inches in greatest dimension, or single shipment exceeding \$2,500.00 in value, will be checked. Free allowance and liability is subject to tariff stipulation as to contents, weight, value and size.

Passengers have the privilege of declaring excess value on their baggage at a nominal charge of ten cents for each additional \$100.00 or fraction thereof over that allowed on their tickets. Limit of valuation that may be declared by one passenger not to exceed \$2,500.00.

DOGS and other small household pets are transported in baggage cars subject to tariff regulations. Small dogs and other small animals (not vicious, odoriferous, or otherwise objectionable) when carried in baskets or containers, may be taken by purchasers of Pullman master rooms, drawing rooms, compartments, duplex rooms or bedrooms into the rooms they occupy, subject to established regulations.

RESPONSIBILITY—The Pennsylvania Railroad is not responsible for errors in time tables, nor for inconvenience or damage resulting from delayed trains or failure to make connections, or for shortage of equipment. The schedules and equipment shown in this time table are subject to change without notice.

SPECIAL ARRANGEMENTS FOR CHECKING HAND-BAGS

At Chicago—Passengers holding through tickets and wishing to visit in Chicago between trains, may, on arrival in Chicago, deliver their hand baggage to Parmelee Company's Agent and secure claim check for it. The baggage will be transferred to the parcel room of the station from which departure will be made and should be claimed on presentation of the claim check.

The charges for this service, on presentation of transfer coupon, are only 10c for each piece up to three, and 35c for each additional piece, which includes parcel room fee for the first 24 hours.

Bags will also be checked and delivered by The Parmelee Company to any home, hotel, club or office address in Chicago at the regular transfer charge.

Check at Parcel Room of one Philadelphia Station, call for at another Philadelphia Station—Arrangements are now in effect in Philadelphia under which hand baggage may be checked at the Parcel Room at North Philadelphia, Pennsylvania Station (30th St.) or Broad Street Station, and called for at any other of these stations. There is no additional charge for this privilege.

Spirit of 1943!

Modern methods, modern efficiency—but the same old flaming spirit of 1776. What else could give men the *vitality* to produce tanks, guns, planes, armaments in such enormous quantities? What else could enable the railroads of America to handle millions of troops with such precision and smoothness . . . to haul *twice* the tonnage of war materials pre-war experts estimated

them capable of . . . to take over the great oil and miscellaneous cargoes of coastwise shipping, and yet keep war transportation rolling? That spirit, as much as mechanical excellence and natural resources, is America's strength. Its "secret weapon". Pennsylvania Railroad is proud to pay tribute to it, and to be a part of it.
