"Hold No. 66" .. TROOP TRAINS GOING THROUGH!

FINE TRAIN, NO. 66—The American. Runs daily between St. Louis, New York, Washington.

But right now this Pennsylvania Railroad train dispatcher is giving instructions to take No. 66 off the main track ... "put her in a siding."

No reasons given—for troop movements are secret.

So No. 66 gets a block signal. The towerman sets a switch. No. 66 coasts into a siding. The main track is clear.

And the troop trains roll!

Not until the last troop train—and all the trains carrying the division's equip-

ment go through, can No. 66 get under way again.

Example, that, of what is happening daily on the Pennsylvania Railroad—all railroads, in fact.

Maybe it causes your passenger train to be somewhat late.

But these are days when "first things must come first." Train movements—both passenger and freight—vital to the war command the right-of-way. And this traffic grows steadily heavier.

So far, we've kept troop trains rolling as Uncle Sam likes to see it. We're pushing oil and petroleum products through to the East just as fast as possible. All

classes of freight go forward steadily, though some not as speedily as in peacetime days. Our main difficulty is in maintaining passenger train schedules, with the number of "first things" growing.

But it's good to see how travel inconveniences and delays bring out the best in Americans. They know wartime train service can't be as it used to be "in the good old days"—and they take it like good soldiers. Glad to surrender the right-of-way to the U.S.A. We appreciate that spirit—appreciate it more than words can tell. And it fires us anew to do the very best we can to provide service for those who use transportation thoughtfully.

Help Save **MANPOWER FOR WARPOWER!**

So critical is the manpower shortage that the President has now appointed and empowered an administrator to solve it.

Yet every day...

11,000 war workers are killed or injured—on or off the job;

Since Pearl Harbor, nearly 500,000,000 man-days of labor have been lost to war production, through accidents.

Accidents *can* be prevented. To help do so, and save lives of workers, business leaders are raising \$5,000,000 through the War Production Fund to Conserve Manpower, to finance the National Safety Council campaign requested by President Roosevelt. The Rail-

roads are contributing their share to this fund.

The Council has been selected for this important work because it has shown repeatedly that its preventive measures can cut the rate of accidents 50% or more in factories and industrial communities.

Since two-thirds of lost-time accidents occur away from production lines, every citizen has a part in this national movement to safeguard the lives of American workers, and every business should participate in the War Production Fund.

Adopt the War Production Fund's slogan as your own—**SAVE MANPOWER FOR WARPOWER!**

IT MAY BE NECESSARY!

We believe the travelling public realizes that in time of war the armed forces have first call on the transportation facilities of this country.

To meet this demand and to take care of the requirements of business men and others engaged in war time activities it may be necessary to temporarily cancel or divert on short notice certain Pullman car lines. The Pullman equipment shown in this time table is therefore subject to change.

**Many more for
dinner these days!**

BECAUSE in wartime there is much more business travel, and because restrictions on other forms of transportation have brought thousands more people to the railroad, Diners are quickly filled. And it is not always possible to add an extra diner to a train. Should you have to wait for a seat we trust you will accept that fact with patience and understanding, as one of the inevitable consequences of war.

INFORMATION—(Cont'd)

CHECKING AND DELIVERY OF BAGGAGE—Passengers are advised to check their baggage to home address, hotel, club, office, steamship pier, etc., at destination, thereby insuring prompt delivery. This can be arranged upon telephone request to authorized transfer companies or to agent, or checkman at starting point, and the transfer charge may be paid at time of checking or when baggage is delivered at destination.

The Railway Express Agency, and other authorized transfer companies, will call for and check baggage from home, hotel, club, etc., upon presentation of valid transportation at nominal charge.

Like the war itself, the rules, regulations and rates covering war shipments are constantly changing.

These may cause you some bewilderment.

And you don't want to hold up a war shipment a minute!

What to do? Get in touch with your nearest Pennsylvania Railroad Freight Traffic Representative immediately. He has all the facts, the latest up-to-the-minute information.

He can tell you precisely what it all means, what to do, how to save time, avoid delays.

For, you see, both our Freight and Passenger Traffic Departments are now strictly *war service organizations*. It's our job—and our privilege—to help industry, the Army, the Navy, the public on all traffic problems related to the war effort.

So, if *you* are confronted with a traffic problem—now or in the future—signal us! We want to help—because there is a war to be won!
