STEEL—*and what it takes to haul it!*

THE American steel industry, under the stimulus of war, turned out last year a tonnage never before attained—almost 90,000,000 tons.

For the production of 90,000,000 tons of steel, the railroads moved altogether to steel plants about six and a quarter million carloads of raw materials, such as iron ore, coal, limestone, "scrap," manganese, chromite and other special ores.

Two million cars were provided to haul the finished steel away.

Altogether, the railroads moved more than 8,000,000 carloads of material to and from the steel mills!

Yet that is only one of the major wartime jobs being done by the railroads. Any wonder then that traffic on the rails, at times, has been so heavy as to cause delay and inconvenience to passengers? The Pennsylvania Railroad, however, has found traveling Americans very cooperative—they realize the magnitude of the job railroads are doing.

TRAINS THAT TALK ON THE RUN

by Induction Telephone!

**TRAIN TO
TOWER**

**TRAIN TO
TRAIN**

**ENGINE TO
CABOOSE**

FUNCTION OF THE TRAIN TELEPHONE

The train telephone is not intended to replace established methods of conveying instructions to trains. Rather, it becomes an auxiliary to established signaling, communications and safety devices, making them more effective by giving all who are involved in train operation more thorough and quicker information as to what is happening on the line.

P. R. R. Orders Million Dollar Installation for two Main Line Divisions...Harrisburg to Pittsburgh

Instantaneous and continuous telephone communication between moving trains and wayside towers, between engine and caboose, between train and train is now a reality... thoroughly tested and proved. Soon it will be a fact on two of the busiest divisions of the Pennsylvania Railroad.

This great advance in railroading has been in experimental operation on a branch of the Pennsylvania Railroad for two years... not only to find possible improvements, but to

learn the best ways of applying it more widely.

The induction telephone is one of the many far-reaching improvements brought about by the Pennsylvania Railroad's never-ending search for new things and better ways. It is tangible evidence of the spirit of tomorrow that today is at work in railroading... perfecting and applying ideas and inventions that ordinarily would be considered as belonging to the distant future.

**KEEP YOUR BAGGAGE
FROM GOING ASTRAY**

Not only should baggage be clearly labeled with your name and address on the outside, but should be marked on the inside as well. Should tag get lost, this will enable us to identify the owner.

Always Remove Old Labels

... they only serve to confuse

Please

CANCEL RESERVATIONS PROMPTLY IF YOUR PLANS CHANGE

The accommodation you release can then be occupied by another person.

That person may be . . . a business man who has an important trip to make in connection with war production . . . a soldier or sailor going home to see his family . . . a parent hastening to a boy ill at camp.

Surely, it seems so little, just to pick up a phone and cancel . . . when so many are waiting for accommodations. And whose reasons for travel are so urgent, so important!

ANOTHER GOOD
WAY TO HELP:

Travel Light!

Take only one bag aboard. More room and comfort for you—more for others.

Millions More TO FEED THESE DAYS

More than four times as many persons were served meals on Pennsylvania Railroad trains this past year as compared with a normal year, say 1939. To be exact . . . 11,015,735 were served in dining cars, in addition to 11,127,640 served coach lunches.

So you can see why we welcome your cooperation in vacating seats promptly when meals are finished. It helps us to serve everybody more quickly.

TRANSFER COACHES IN CHICAGO—The Parmelee Company operates transfer coach service at Chicago to accommodate Pennsylvania Railroad patrons, arriving at the Union Station, who desire to transfer to other railroad stations. This service is available without extra charge upon presentation of the usual transfer coupon accompanying tickets reading to points 85 miles or greater beyond Chicago where change of stations is necessary.

For tickets reading to points less than 85 miles beyond Chicago where change of stations is necessary, the charge for transfer service is 85c or less according to destination.

CHECKING AND DELIVERY OF BAGGAGE—Passengers are advised to check their baggage to home address, hotel, club, office, steamship pier, etc., at destination, thereby insuring prompt delivery. This can be arranged upon telephone request to authorized transfer companies or to agent, or checkman at starting point, and the transfer charge may be paid at time of checking or when baggage is delivered at destination.

The Railway Express Agency, and other authorized transfer companies, will call for and check baggage from home, hotel, club, etc., upon presentation of valid transportation at nominal charge.

BAGGAGE ALLOWANCE—One hundred and fifty (150) pounds of baggage or property not exceeding one hundred (100.00) dollars in value may be checked without additional charge for each adult passenger, and seventy-five (75) pounds not exceeding fifty (50.00) dollars in value for each child traveling on a one-half fare ticket.

FORWARDING OF BAGGAGE—Passengers are advised, whenever it is possible to do so, to check baggage in advance so that it may be forwarded on a preceding train. Every effort will be made to facilitate the handling of baggage, but the Railroad cannot guarantee to forward baggage on same train with owner; nor can time of arrival at destination to which checked be guaranteed.

BAGGAGE MAXIMUMS AND LIABILITY—No single piece of baggage exceeding 300 pounds in weight or 72 inches in greatest dimension, or single shipment exceeding \$2,500.00 in value, will be checked. Free allowance and liability is subject to tariff stipulation as to contents, weight, value and size.

Passengers have the privilege of declaring excess value on their baggage at a nominal charge of ten cents for each additional \$100.00 or fraction thereof over that allowed on their tickets. Limit of valuation that may be declared by one passenger not to exceed \$2,500.00.

DOGS and other small household pets are transported in baggage cars subject to tariff regulations. Small dogs and other small animals (not vicious, odoriferous, or otherwise objectionable) when carried in baskets or containers, may be taken by purchasers of Pullman master rooms, drawing rooms, compartments, duplex rooms or bedrooms into the rooms they occupy, subject to established regulations.

RESPONSIBILITY—The Pennsylvania Railroad is not responsible for errors in time tables, nor for inconvenience or damage resulting from delayed trains or failure to make connections, or for shortage of equipment. The schedules and equipment shown in this time table are subject to change without notice.

SPECIAL ARRANGEMENTS FOR CHECKING HAND-BAGS

At Chicago—Passengers holding through tickets and wishing to visit in Chicago between trains, may, on arrival in Chicago, deliver their hand baggage to Parmelee Company's Agent and secure claim check for it. The baggage will be transferred to the parcel room of the station from which departure will be made and should be claimed on presentation of the claim check.

The charges for this service, on presentation of transfer coupon, are only 10c for each piece up to three, and 35c for each additional piece, which includes parcel room fee for the first 24 hours.

Bags will also be checked and delivered by The Parmelee Company to any home, hotel, club or office address in Chicago at the regular transfer charge.

Check at Parcel Room of one Philadelphia Station, call for at another Philadelphia Station—Arrangements are now in effect in Philadelphia under which hand baggage may be checked at the Parcel Room at North Philadelphia, Pennsylvania Station (30th St.) or Broad Street Station, and called for at any other of these stations. There is no additional charge for this privilege.
